

## INTERNATIONAL CENTER OF PHOTOGRAPHY

### Works by Ellen Steinberg Coven on Exhibition at ICF

LOOC ART is pleased that works by artist Ellen Steinberg Coven will be on exhibition at the International Center of Photography at 114 Avenue of the Americas, NY, NY from December 12, 2015 to March 13, 2016 in the show *Collective Works: Selections from the Master's Seminar 2014-2015*.

Coven's recent work in photography, specifically cyanotype, stems from her experience as a painter and creator of site-specific installations that address painting, architecture, color, and light. She first chose to learn the cyanotype process as a way of "starting over" as a photographer, to literally work in one of the earliest photographic processes ever created to fix a photographic image to paper.

*Collective Works: Selections from the Master's Seminar 2014-2015* is curated by Pauline Vermare, ICP Associate Curator, as well as Chuck Kelton and Alison Bradley. The opening reception is Friday, December 11 from 6 to 8 PM.
